

Silting not caused by causeway

A possible silting problem on the north east side of Horseshoe Lake may not be the result of the construction of the causeway to Shuyler's Island.

The matter has been before Anson, Hindon and Minden council since a year ago last July, according to Orville Eagle, a property owner on the north east shore of Horseshoe Lake who complained about a filling in of the lake on the east side of the island.

Representatives of three ministries, Natural Resources,

Environment and Transportation and Communications met Nov. 10 with Anson, Hindon and Minden Council and Horseshoe Lake property owners.

Mr. Eagle told council that due to inadequate drainage provided by a series of culverts in the causeway, debris has been filling in the body of water to the east of the island. Mr. Eagle fears the growing in of the lakeshore, as far north along the bay as his property.

Water that enters the lake

from a stream on the east side of the lake behind the island is forcing debris further north along the shore, Mr. Eagle said. Mr. Eagle said that the causeway has cut off the natural flow of water that would normally take the debris south of the island to the river that drains the lake.

The property owners asked that council consider correcting the problem with a bridge or culvert large enough to provide an adequate flow.

Mr. Eagle's estimation of

the cause of the silting has been supported by a letter from Frank Reinholtz, senior environmental officer at the Bracebridge office that covers this area. The letter, sent last year to the Clerk of Anson, Hindon and Minden, Richard Parisotto, stated that there was a silting problem caused by the causeway.

Mr. Parisotto noted at council that this statement was a personal opinion only, and was not substantiated by any study or knowledge of the background which would have been available

from the municipality. He called Mr. Reinholtz to task for rendering or appearing to render a decision before he knew the whole story. Mr. Reinholtz admitted that it was opinion, and that his ministry was not in a position to state that there was an increase in the silting problem as a result of the causeway.

Council members questioned whether the problem was in fact worse now than it

see page 14

Booth gets another term

Reg Booth, Reeve of Anson, Hindon and Minden has been acclaimed to the position for the 1977-78 term. Mr. Booth gave this statement to The Recorder.

"It is most gratifying to be returned to office by the people by acclamation. During more than 25 years in public office I think that this is the third time that I have been so honoured.

"By the grace of God we hope to fulfill our duties in the best interest of all. We trust that we may be favoured with the health and strength necessary to do the job with energy and dedication and with a new sense of purpose."

Race for municipal positions council

Reg Booth, Reeve of Anson, Hindon and Minden has been acclaimed for another two year term as Reeve of this municipality after many years of service.

There will be an election for the position of Deputy Reeve. The candidates are Doug Pritchard, the incumbent who has held the position of Deputy Reeve for four years and served for two years prior to that as a councillor and Robert Gorrie who is contesting the position. Mr. Gorrie has served on the council for 12 years.

Polling will also determine positions on the council. Incumbents Alan Coneybeare and Helen Johnson will seek re-election.

Earl Hewitt, familiar to the municipality where he has served for almost 17 years as the road superintendent is now a candidate for councillor.

Len Lonsberry, after serving on the Haliburton County Board of Education for a number of years is now seeking a position on the municipal council.

Gary Warburton will run for council as will Bruce Nesbitt, who was a candidate in the last election. Lyle McKnight, another well known resident, has also decided to serve on the council if elected.

The final candidate to announce his intentions was Alan Cooper, who served on the council in 1969 and 1970 and hopes to be re-elected.

THE LARGEST CIRCULATION IN THE MINDEN AREA

Provincial Court News

Warrant

Larry K. Preston of Newmarket, called before the provincial court in Minden to answer four charges, failed to appear on the trial date of November 9. The charges are impaired driving, refusing to blow a breath sample, assaulting a police officer and driving with an open container of liquor in the car.

A bench warrant was issued for his arrest and for the arrest of Mervin Edward Preston charged with obstruction of the police and assaulting an officer. Preston, of Burnt River, also failed to appear.

Both cases have been set over to Dec. 1 for trial.

In custody

A bench warrant is still in effect for Joseph McIntyre who was to appear in the provincial court on November 9 to set a trial date. The warrant was issued on

October 27 when Mr. McIntyre failed to appear on that date. He is custody in London and the warrant is to continue until he appears before the court to set a date.

A bench warrant was also issued for Ronald B. Packer who was to appear to answer charges of impaired driving, driving under suspension and driving while disqualified.

Charged

David J. Reilly of Toronto, charged with impaired driving and with driving with a level of alcohol in the blood exceeding .08 per cent, appeared before the provincial court on Tuesday, November 9. Crown information on the charges, however, was not available at the time, and the matter was put over until Wednesday, November 10 to be tried at the court in Lindsay.

Guilty plea

Clifford A. Reil of Gooderham was before the prov-

incial court in Minden on November 9 to answer two charges, mischief and possession of a weapon dangerous to the public peace.

He pleaded guilty to the second charge. Trial on the charge of mischief began Tuesday but is to be completed on December 21.

Both charges were related to an incident in Gooderham in which several stores were damaged. Two civilian witnesses, storeowners, have testified, and four OPP officers will take the stand when the case resumes in December.

60 days

Richard K. Salai of MacTier was given a 60 day sentence in the provincial court on Monday for a conviction on a charge of theft over \$200. He was charged in connection to an incident in Minden when he had been drinking and took a car for a joy-ride. Mr. Salai said. The 60 days will be served concurrently with a nine month sentence that Salai is serving for conviction in another jurisdiction.

Impaired

William A. Cameron of Toronto pleaded guilty on November 9 in the provincial court to a charge of impaired driving. He was stopped on June 14 on highway 121. The judge levied a fine of \$220 which will be accompanied by an automatic 30 suspension of his driver's licence.

Dismissed

A charge of impaired driving laid against Thomas J. Kendall of Haliburton was dismissed in the Provincial court in Minden on November 9.

An additional charge of driving with a level of alcohol in the blood exceeding .08 per cent was withdrawn since no breathalyzer officer was available to the crown to testify to the charge. The crown's request to adjourn the case until an officer was present was denied.

Proceeding with the impaired driving charge, an OPP officer called by the crown testified that he had been dispatched on July 21 to a one car accident near the turn for the Buckhorn Road. The officer met the accused in the hospital. Mr. Kendall told him that he had been driving and had had more to drink than he could handle, the officer said.

Mr. Kendall was unsteady on his feet, the officer testified when he was taken to the Minden detachment for a breathalyzer test. Mr. Kendall had received stitches at the hospital and a local anesthetic for a wound on the back of his head.

Judge Inrig ruled that since the evidence was consistent with both head injury and impairment, and that the statements of the accused were given after his injury, and the onus was on the crown to prove that the accused had been drinking. The judge ruled that the crown had not presented sufficient evidence to weight the case, and the charge was dismissed.

Jail term

Lloyd D. McKnight of Minden was called before

the court in Minden on November 9 to answer counts of impaired driving, driving while disqualified and failure to note a change in address.

McKnight pleaded guilty to the charges of impaired driving. Since it was a second offence, there was an automatic jail term provided

by the criminal code of not less than 14 days. Judge Inrig ruled that Mr. McKnight could serve a 17 day sentence intermittently over a period of four weekends, and called for a probation of 30 days during which Mr. McKnight is to drink no alcohol, so that no odor of alcohol will be on his breath

when he appears in Lindsay.

Evidence was brought forward to prove that Mr. McKnight had received no notice of the suspension of his driver's licence, since he had left his earlier residence at that time and the notice was not forwarded to him. The other charges connected with this were dismissed.

SALE OF TIMBER (Fuelwood)

Tenders will be received by the Ministry of Natural Resources up to and including Thursday, December 2, 1976 for the purchase of cut and piled mixed hardwood fuelwood located on the West half of Lot 3, Concession A, Ridout Township, District of Muskoka:

Tenders will be opened in public at the Ministry of Natural Resources District Office in Minden on Friday, December 3, 1976 at 3:00 P.M. E.S.T.

Further particulars may be obtained upon request from the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0.

Drainage Tribunal

John Eakins, M.P.P. Victoria-Haliburton, said he has been in touch with Agriculture Minister William Newman, and has received from him a list of the members appointed to the Ontario Drainage Tribunal.

They are:

Delbert A. O'Brien, Pembroke, chairman; E.C. Brisco, RR 3, Chatham; Basil Dawley, Winchester; Robert Drummond, RR 1 Smiths Falls; Ralph Gagner, Chatham; John King, RR 1 Camlachie; Glen Larmer, Blackstock; Fred Lewis, Denfield.

Judge Joseph P. McMahon of Windsor was appointed earlier this year as referee under the Drainage Act.

The drainage tribunal was established this year to provide farmers a more accessible procedure for appeals under the Drainage Act against the technical content and assessments in engineers' reports prepared under the act.

A farmer wishing to make an appeal to the tribunal simply notifies the municipal clerk who in turn must notify the tribunal. The tribunal will then hold a hearing in the farmer's locality, at which he may present his case.

Some tribunal decisions may be appealed to the referee; in addition, appeals against legal procedures are made directly to the referee and some of his decisions may be further appealed to the courts.

In announcing the appointments to the Ontario Drainage Tribunal, Mr. Newman said that farmers in Ontario invest \$30 million annually in drainage. In view of the magnitude of the expenditure, he said, the accessibility of appeal procedures is important and the mobility of the tribunal is, therefore, a major advantage.

Mr. Eakins advises that anyone interested in participating under the Drainage Act should contact their municipal clerk.

Election policy set for Recorder

This newspaper, in all fairness to the candidates in the municipal election, has set a policy in regards to news on the election.

The newspaper will accept and use news releases from the candidates but stipulates that first of all the news value of the release will be weighed by the editor. If we feel that the news release stands on its own merits as a news story it will be used. A second condition is that the stories are subject to editing by our staff and in all likelihood will not be run word for word.

This newspaper is not supporting any individual candidates in the election but does offer space for those looking for a soap-box if the issue warrants it.

The Recorder *Page three*

Fires may cause closing of municipal dump

Fires at the Scotch Line dump have been a matter of concern to the Ministry of Environment, and complaints were brought before Anson, Hindon and Minden council on Nov. 10.

Frank Reinholtz and his successor as the senior environmental officer for the area, Brian Howden, told council that the ministry has received complaints from property owners near the

dump and that the fires will have to be controlled.

It was suggested that more frequent covering of the dump with fill would prevent the fires from breaking out or spreading. They said that the ministry was trying to eliminate all burning, and realized that there are other dumps in the area that burn, but that they had received complaints only from Anson, Hindon and

Minden property owners. Mr. Reinholtz said that the provincial regulations had to be enforced within reason.

Council assured the representatives from the ministry that every attempt to extinguish the fires is being made. Reeve Reg Booth said that it should be established at council as fact that the fire "doesn't break out, it is lit." Reeve Booth told council that he knows who it

is but can't get witnesses.

It was noted that the ultimate answer is a sanitary landfill site, but that such an arrangement is expensive. Councillor Bob Gorrie told Mr. Reinholtz that "we don't feel as a council that we can saddle the taxpayers with the cost."

Fires seem to be set in the winter only, council noted, and are the biggest problem is at this time of year when there is not enough snow.

Council formed a resolution to indicate that an alternative site for dumping would be investigated, but it was noted that steps should also be taken to find out who is lighting the fires.

Stuck with two representatives

Anson, Hindon and Minden council will be represented on the school board for the next two years by two trustees instead of the three that should be allotted to the municipality.

According to the Education Act and the school population of the area, Anson, Hindon and Minden has a right to two representatives on the Haliburton County Board of Education.

Council received a letter, read at council on November 10, from Sheriff Gordon Pepper. The matter of representation had been appealed by the municipality in July. It did not receive attention from the late judge Richardson, and to date, no new judge has been appointed.

It has become too late to proceed with the appeal before the approaching election.

Sheriff Pepper noted that the onus is on the courts to see that the appeal is processed, and that is should be done at the beginning of the coming year.

Anson, Hindon and Minden council passed a resolution to engage a lawyer for the undertaking. The decision was made with the consideration that the cost would "be worth it if we end up getting the third trustee" according to clerk treasurer Richard Parisotto. Reeve Reg Booth noted that the municipality could not back off now that it had gone this far.

Funds may be down for derelict cars

Anson, Hindon and Minden council has been advised that funds for a Derelict Motor Vehicle Program might not be readily granted.

Frank Reinholtz, senior environmental officer at the Bracebridge branch of the Ministry of Environment and his successor, Brian Howden met with council and warned that the program had not

been successful in Muskoka although it had been very well received in the north. Mr. Reinholtz said that since this area is similar to Muskoka the ministry may not apportion the requested funds.

There was a difficulty in getting people to release the vehicles in Muskoka, Mr. Reinholtz said. Reeve Reg Booth said that although there are private ventures removing the derelict vehicles from the area they are only removing the vehicles that are handy. It was noted at the meeting that there are others that should be re-

moved since as clerk Richard Parisotto noted, in an area where the mainstay is tourism, the derelicts are not good to see.

Mr. Reinholtz said that in the north, the program is funding itself, but that the ministry does not expect that response in all areas. The purpose of the ministry, he said is to stop pollution and re-cycle the metal.

He said that the municipal-ity may receive approval of the project if they sent written comments of why the program is likely to be successful or needed in this area.

Will not use Dysart pound

Anson, Hindon and Minden council rejected an offer made by Dysart et al to share the Dysart dog pound facilities.

At Dysart council on October 18, the suggestion received approval from that municipality on the grounds that joint use would help pay for the pound.

The cost of maintaining the pound, to be split in half between the two municipalities, would mean that Anson, Hindon and Minden would be paying \$300 not including driving and other arrangements, for about six stray dogs per year.

Clerk treasurer Richard Parisotto said that in three years, this municipality would have paid for a pound, and estimated that the cost could be as high as \$500 yearly.

A resolution was passed to thank Dysart et al for their interest but indicated that Anson, Hindon and Minden council did not feel that the expenditure was justified for half a dozen dogs impounded a year.

Board supports objection to tax reform budget

The Haliburton County Board of Education at its November meeting passed a resolution in support of the Lanark County Board of Education and its objection to the Provincial Tax Reform that is a part of the coming Provincial Budget.

The Lanark Board has asked the Commission on Property Tax Reform that there be a delay of one year before the program, based on market value assessment, is put into practice. The Lanark Board feels that there is insufficient information as yet with regard to the effects that this new method of assessment would have on the taxpayers, the municipalities and the Counties.

Part of the objection stems from the process of phasing the Tax Reform to prevent abrupt changes in taxes. This process, the Lanark Board has stated, lacks definition.

An objection was also made to the Reform on the ground that there is insufficient evidence, the Lanark Board feels, that residential properties will in fact pay a reduced share of property taxation.

Questions were also raised

about the source of provincial funding of taxation for farmland and managed forests, which are to take a great reduction in taxation, according to the Reform.

The Haliburton Board registered its agreement with the Lanark Board. Copies of the Lanark resolution have been circulated for comment to all school boards in the province.

Frank Taylor, 78, of Oshawa, who shot his first deer in 1914 with a muzzle loading shot gun, bagged this ten point buck last week while at John Hulbig's hunting camp on Little Bob Lake. He has been hunting in the area for more than twenty years and probably will be back for more, especially with success like this. Thwe buck weighed nearly 200 pounds.

Meet the Candidate's night Nov. 10

There will be a candidates' night held on November 30 at the Minden community centre as a result of a decision made at Anson, Hindon and Minden council on November 10.

It was initially stated at council that such meetings are usually a waste of time.

In the past, according to Reeve Reg Booth, the meetings have turned into shouting matches and some candidates have resented getting up to speak. An informal get-together has therefore been decided upon as a format for this year's meeting.

Recorder Opinion

Editorials

Encouraging
election scene
in municipality

It is good to see candidates stepping forward to seek the municipal offices in the area.

All of the members of the present council have indicated a desire to get back into one office or another. There are also a number of new people to the political ring in the surrounding municipalities.

Nobody interested in doing a good job wants to be elected to office by acclamation. By being elected by acclamation one can never be sure whether it is because you are doing a good job, or a likely successor just never came along.

Good politicians welcome an election as a chance to show their strengths as well as an opportunity to show that they have a clear mandate from the people.

For the people in Anson, Hindon and Minden, Lutterworth and Stanhope you should listen to the issues closely to find out just the type of person you want to vote for and cast your vote whether the person will be a winner or not because municipal politics is the back-bone of our political system.

Editorial pages
for our readers

The editorial page of the Minden Recorder is designed for the readers. What we mean by "for the readers" is that it gives everyone the opportunity to find out the opinion of the newspaper and in the form of letters to the editor a chance to state their side of coin.

We, at the Recorder, have an open policy in regards to opinion in the newspaper. We will print letters on all subjects within the limits of the law.

The letters to the editor space in The Recorder is for the people to use as much as possible.

The Minden Recorder welcomes your opinion be it for or against a given subject.

The role of the weekly newspaper is to mirror, faithfully and conscientiously, the community to the community, to provoke it where necessary, to praise it whenever possible, to defend it faithfully but always to serve it best by penetrating with the local news to a depth not possible with any other media."

From Vol.1, Report of the Special Senate committee on Mass Media, 1970.

"OH YEAH? ACCORDING TO THE LATEST POLL,
MY OL' MAN CAN BEAT YOUR OL' MAN!"

Letters to the Editor

Dear Sir

Please accept my hearty thanks for all the papers you've sent me, including some old familiar pictures that I know very well. You reproduce them beautifully.

Its a strange thing but actually I'm beginning to wonder if I may be the oldest inhabitant around here. All my old pals do seem to be shuffling off and I'm the stump beside the river just watching (with still a few roots with sap in them however).

The logging days around here don't seem so long ago. Minden & Coby were big towns then. Thousands of logs were taken there, except the hardwood which are still on the bottom of the lake, and as good as ever they say.

Rackety Creek took its name then when the dam was open and the water and logs poured down to Gull. The noise of the chute could be heard for miles around, hence the name "Rackety."

Mr. Hartle was then famous for his great department store. My wife disgusted him somewhat when she asked for 'new' potatoes. His reply was "Old potatoes are good enough for Minden folk, why not you!"

Mr. Hartle had a famous family too. I remember particularly his daughter Girtie (Dunno!) In driving the family Dodge up the old road from Moore's Falls it wouldn't make the hill with her on board, so Hartle told me his daughter started the car and walked up the hill beside it climbing on it again at the top (Dunno!) She's a great driver (Dunno!). I still have some dishes from Hartle's china department (now is the Drug Store).

Sam Welch was a great merchant too, not to mention a famous motorist. I remember him

boasting that he could drive all the way to Big Bob Lake on the school house road in high gear.

The Welch family was (and still is) famous. Those were great stories about spearing whitefish, catching lake trout off the shore with rod and line and taking a barrel of herrings from Pigeon Creek. And of course there are many other famous families, to mention but a few, Willet, Gibling, Noices, Hodges and Mrs. Harrison who went over Moore's Falls in a motor boat sideways. And Mr. Fielding and Mr. Loward and Joanne, Mr. Langdon, the boat builder. He says to me "if you want to build a boat, first thing throw away your square." He got along well with his bees (it was mosquitoes that annoyed him). He was a pioneer with motor cycles and radio, said he got Japan on his set the day he varnished a boat. And I can still see the air laden with bees one afternoon. "Its going to rain" he said. And was he hopping mad when he discovered that the tree he'd asked some one to cut up turned out to be bird's eye maple! I'll never forget his steam boat. One day he was coming down Gull River when the steering failed, right on the rapids. That didn't disturb him in the least; he covered the whole deck with a pike pole, keeping the ship off the rocks to the bottom of the chute.

The survey camp seems to have been a success, operating steadily since 1920. Good for hydrographic as well as land surveys. Near one island the sounding apparations read 206 feet, 65 feet from shore of Gull Lake.

The current meter work on Gull River got several boys jobs with the Hydro. The River reads about 600 cubic feet per second.

I am yours truly,

J.W. Melson

Recorder Opinion

Following our article last week on the early stages of the University of Toronto Survey Camp on Gull Lake, we here reprint a class photo of those in the graduating year of 1925 who attended the camp. In the immediate foreground is James Edward Minto, the caretaker of the

Looking back

property when the camp opened in 1920. His grandson, Ian Minto, is the present caretaker. He succeeds his father, Richard James (Jim) Minto and grandfather in the position. One of the founding professors of the camp, J.W. Melson, donated the picture.

Inside the Recorder

by Susan McLaughlin

I'm beginning to feel my age, I think. I find myself lately looking back on my younger days and remembering how much it used to snow.

Whether there really was more snow back then or not, in most of my memories of winters gone by the snow drifts loom enormous. Winter was always white and sparkling, but never cold, at least in memory. Snow suits that made it impossible to move meant that one could roll around outside for hours without fear of chill to anything but fingers or runny noses.

As I look around these days, I wonder if I'm so old that I'm entering my second childhood. There has been more snow this year than I recall ever fell before Christmas when I was passing through my disenchanted teens. And I'm sure there was at least one winter in Toronto at college when I didn't even need to buy new boots after my old faithfuls gave out in the first week of January.

Now, here we are, back in the good old days, with drifts threatening before the beginning of December. What ever happened to all the rest of

the traditional weather? I've been waiting for some weeks now for Indian summer to come upon us. The poem that we had to memorize in school (am I showing my age again?) about the "season of mellow fruitfulness" promised that Indian summer was an established part of the country and as old a tradition as the hills that always got warmed over one last time before the snow came to stay. Someone has forgotten to schedule Indian summer this year, but then, summer of '76 wasn't a hard act to follow.

I should stop talking about the weather. There are other ways that I can tell I'm feeling my age. One is that when I see the Christmas lights going up, I remember the slogans and arguments I've heard about conserving electricity.

When the waste of power and resources caused by unnecessary lighting was first brought to the public eye, my father was quick to make the supreme sacrifice and refuse to put up our outside Christmas lights. My initial disappointment was understandable, I suppose, but I knew there was no sense in arguing. My father had a whole series of slogans to back up his refusal. My mother, of course, put her finger on the real reason why it was useless to object. Our outside lights were at best a neglected thing, and if anyone ever got around to putting them up, it was a near guarantee that they would still be in place in April. The advertising program had saved my father's energy as well.

Seriously, as I get older and wiser, I realize more and more how wasteful we Canadians are of our power resources. It may be partly because it's like a new toy. It's not so long ago, as the world goes that people were operating with coal oil. John Hewitt told me this week that his transport company had to supply horses for winter travel by cutter until 1946, and that is not that long before I was born. Yet already, we are so used to bright lights and unlimited gas, for cars or snowmobiles, that most of us would feel like children having to put away all our new toys on Boxing Day if we no longer had the extra power to spend on our luxuries.

A traditional Christmas is now associated with bright lights and lots of colored paper, but maybe things will have to change. I know one woman who even wraps her Christmas presents in tinfoil, which she considers a reusable commodity, rather than wasting wrapping paper that always ends up in the fire. I must admit that I can't quite understand what use a pile of ripped and wrinkled foil would be when it came to cooking the turkey. Nevertheless, she may be on the right track.

If we really want to get back to a traditional Christmas, we don't need lights, just thoughtfulness. If an old-fashioned Christmas is called for, this year, I think the weather might even co-operate.

Sports Report

by Jim Badgley

The Minden Recorder gives you the opportunity to see your sports' news in print.

During the past few weeks we have expanded our coverage in the area and would like to devote a great deal of time to our recreational pastimes.

Elsewhere on this page is an advertisement suggesting you bring you sports news into the office or phone, we will be glad to give you the publicity.

No sporting event is too small. If you happen to be in the middle of a great shuffleboard league give us a call every week, let us know how things are going and we will be more than happy to help to tell the rest of the town about it.

One suggestion we have for hockey coachs is to drop your scoresheet off at the office every week, or let us know where we can pick it up. All we need is a couple of hours and the sheet can be returned, and your team will get the publicity it deserves.

One suggestion I have for hockey fans around town is to get a move on and out to the arena the odd time. Things are pretty entertaining when our local youngsters take to the ice.

A story which appeared on one of The Recorder sports pages last week about goose hunting at James Bay, brought back a few memories for me. Most of them bad.

It seems for a few year this writer liven within a couple of hundred miles of James Bay and the famous Moosonee but never made a trip north.

Now I am not a hunter but I understand there are a lot of other interesting parts of James Bay. One I would have enjoyed is the fine fishing in the area.

Well I was offered a number of opportunities to take free trips to Ontario's far north but either because of my fear of flying or freezing, I never took any of the offers to heart.

Well now that I have moved further south I look at a map of the north, see Moosonee and Moose Factory and quietly say to myself, someday I will have to visit that area.

If you are interested in some healthy exercises this winter and having some fun while you are doing it, the Haliburton Cross Country Ski Club just might be the thing for you.

The club has built a trail in Glebe Park in Haliburton and will be holding its first official meeting Nov. 22 at Haliburton High School beginning at 7:30 p.m.

Organizers of the group tell me that the response has been very good so far and a large turnout would certainly be more than welcome at the meeting.

No juvenile game scheduled Friday

Friday night action has not been determined as yet. There may be no Juvenile game as is usually scheduled since the opposing team Ops has notified Minden that some of the players will not be available on that night. The game will be rescheduled.

There will be a Tri-County Atom game on Saturday at 12:00 noon when Minden's Mike's Milk takes on Cannington.

In the O.M.H.A. league, Yake's Electric/Red and White Atoms will be after a win from the Bobcaygeon team at 1:30.

At 3:00 Prentice Road Pee Wees take on Little Britain.

At 4:30 the Jadek Sports Bantams will also meet Little Britain to see who can come out on top.

Walker's Lumber Midgets and Bobcaygeon will have be matched up at 6:00.

On Sunday there will be

Tri-County league action at 4:30 when the Ronald Wrightman Bantams meet Sunderland.

There is no game scheduled as yet to the 6:30 slot. Watch at the arena for an announcement.

The weekend's hockey will finish with a match between Omemece and McKnight's Shell Tri-County Midgets Game. Time is 7:30.

Juveniles bombed 12-2

The Minden Juveniles took it on the nose Friday night when Beaverton scored five goals in each the second and third period to break a 2-2 tie and win 12-2.

The short staffed Minden team just ran out of energy as the game went on.

Beaverton opened the scoring at the 12:07 mark of the first period when Jim Farrell connected with Mike Farrell.

Dave Pettes unassisted goal just one minute later

knotted the count at 1-1.

With 2:29 seconds remaining in the period Beaverton's Bruce Johnston connected from Michael Collins and Norm Sproston to sent the visitors to the dressing room with a 2-1 lead.

Steve Farnsworth put Minden back in the game early in the second period when he connected from Scott Gartshore.

From that time on it was all Beaverton with Gary

Collins scoring two second period goals and two third period goals with the remaining goals going to Bob Hie, Sproston, Johnston,

Collins, Jim Farrell and Steve Bacon.

A total of 14 penalties were called in the game with eight going to Beaverton.

Minden gets even split in games

Last Saturday saw an even balance of wins and losses as the Minden minor hockey teams took on teams from Omemece, Ops, Sunderland and Beaverton.

The Atom Tri-County league, Mike's Milk started the day on a low note with a loss of 9-0 to Omemece, but the Red and White/Yake's Electric O.M.H.A. Atoms managed to down Ops in a good game that ended 8-5.

Secure first place in league

First place in the Men's Commercial bowling league is a sure thing for the Minden Progress team, with only one night left in the first series, but second place is yet to be decided.

Minden Progress has a good lead with 152 points, and Cox's Colts and Ingoldsby are tied at 134. Next is the Rockcliffe Hotel team, 130 points with Minden billiards in the basement with 125.5

The high average bowled last week was by Bob Robinson, who ended with 229. Ronnie Robinson, not far behind, had 225 and Gord Everall rolled 222.

Wes Stata took the high single with 334 points. David Sawyer with 338 came up second.

Bob Heppleston led the way with a high triple of 828 at the end of the last night of bowling. Wes Stata and Paul Warburton ended up tied with totals of 810.

Huskies lose 7-5

Take too many penalties

Two major penalties in a row in the second period were enough to help the Bobcaygeon Ti-Cats to a 7-5 win over Haliburton Huskies Sunday afternoon at the Dysart Arena.

Haliburton took a 2-1 lead out of the first period, were outscored 4-1 in the second and both teams netted two goals each in the third period.

Tim Oram, the outstanding player of the game for the Huskies opened the scoring at the 9:42 mark of the first period when he caught the bottom left hand corner with a slap-shot from the blueline. Dave Hartwick and Larry Stinson picked up assists.

Bobcaygeon defenseman Steve Austin got his first of two goals just one minute later when he connected on a pass from Kevin Van Alstyne.

Oram kept up his good work and it finally paid off if a goal to put the Huskies in the lead at the 13:43 mark of the first period when he set up Joe Roberts with a perfect pass. Roberts pulled the goalie out with a good shift and tucked the puck into the net.

The Huskies made good on a two man advantage at the 2:56 mark of the second period when Stinson deflected a weak shot from the point. Bernie Nichols picked up the assist on the play.

From there on in the second period it was all Bobcaygeon. With both Oram and Mike Scheffee off serving major penalties Bobcaygeon's Glen Oliver connected from Austin and Danny Byrne after Randy Ellison in net for the Huskies made two good stops on the play. The goal was scored at 9:18.

Oram was sent off for his major at the 5:37 mark for elbowing and Scheffee was tagged for cross checking at the 9:07 mark.

A delayed penalty being called just 30 seconds later gave Bobcaygeon a three man advantage for a few seconds and it was enough to even the count when Oliver connected for his

second goal from Austin and Harold Fitzpatrick. He deflected a quick shot from Austin at the point.

A weak shot from the faceoff at the 4:07 mark of the second period seemed to take a funny bounce and beat Ellison going through his pad. Eric Lash was credited with the marker.

With just over a minute remaining in the second period Byrne scored on a shot from the right hand side along the ice to run the count to 5-3. Austin and Oliver picked up assists.

Ellison kept the score from going any higher when he made a stop on a

Bobcaygeon player with just two seconds to go in the second period.

With over 15 minutes gone in the third period Austin connected on a slap shot from the blueline to score the eventual winner for Bobcaygeon. Oliver picked up an assist on the play.

The Huskies got back into the game a minute later when Oram scored on a hard blast from the point. Stinson and Hartwick picked up assists on the play.

Stinson put the hometown crew within one goal at the 18:39 mark of the third period when he scored on a shot from the blueline. Oram

and Hartwick were credited with assists.

With just 48 seconds to go and Joe Roberts serving a Huskie penalty, Fitzpatrick put the game on ice when Miles Maughan, who played goal for the Huskies in the first and third period hesitated on a loose puck. Austin and Oliver picked up assists on the play.

A total of 34 penalties were called in the game evenly split by the two teams but the Huskies ended up with two majors and two misconducts.

The Huskies play Friday night in Haliburton against Lakefield.

Bowling

from page 6

Last week the pins over average tournament left Wayne Sawyer in first place with 165 pins. Cliff Burke followed a close second with 164.

This week marks the start of the Hi-Lo doubles tournament.

Standings in the United Church League show Maude Coulter's team ahead with 35.5, Gladys Wruth second with 32, Helen Cox third with 29.5. Following up are Marie Reynolds 25, Virna Wagg 24, and Bessie Burk 22.

The high average for the men was rolled by Jim Green with 216 points. Virna Wagg took the top ladies' average with 197.

In the high singles scores, Jim Green again came out on top for the men with 263. Carol Kellet was ahead with 320 for the ladies high single.

The same two placed at the top of the high triple standings. Jim Green totaled 740 for the men and Carol Kellet bowled 715 points for the ladies.

Ingoldsby teams have lined themselves up with Murray Everson heading the winners with a total of 28

points. Second in line is the team headed by Cecil Robinson, 27 points. Third, Earl Schellenberg heads a team with 22 points. Following along are Gord Darby, 18 points, tied with Wally Crofts. At the end is Harry Henderson with 16.

Not behind in the individual scoring, though Harry bowled a men's high average of 226. Mima Burwood took the ladies high average with 195.

Harry Henderson also came out on top of the men's high single scoring with 300 points. For the ladies high single, Arlene Robinson bowled 301.

Harry and Arlene took the high triple scores too. Harry totaled 821 and stayed ahead of Arlene who came up with 719 for the ladies high triple.

The Dorset Mixed league is led by the Scramblers who have clawed their way to a narrow lead with 30.5 points of the second place Cast Offs who have 29. The Vultures are third with 25. Next the On-Lookers have 24. Great Balls of Fire are smouldering with 20 and the Happy Gang trail with 17.5.

Ted Cross rolled the men's high average score with 192. The ladies' high

single scorer was Ronalea McKay, 195 points.

With 298 Lew Gair took the men's high single standing. Ronalea was again on top for the ladies with 320.

High triple scores put Any McEachern at the head of the men's standings with 690 points. Ronalea took her third winning spot of the day and came up with a triple of 679.

The Wednesday Night Mixed Couples league has the Graham Crackers snapping up first position with 31 points. The Under Dogs are not that far behind with 27. The Strikers have bowled 21 points for third place. In the bottom half of the league are the Six Aces, 17, the Jokers, 16 and Bob's Bombers, bombed out with 14.

Graham came up with the men's high average by bowling 218. Jeannie bowled the ladies' high average with 193.

The men's high single scorer was Doug with 309. Bonnie came up with the ladies' high single for a score of 288.

The high triple winners were Graham and Jeannie. The gentleman totaled 750 and the lady 667.

Report from Queen's Park By MPP John Eakins

The Provincial Government has resubmitted legislation on Farm Income Stabilization, and the Liberal Party supports the proposed new plan in principle, although we are opposed to some aspects, which we hope the Government will agree to amend. We want an amendment to increase substantially insurance for farmers, and so do the N.D.P., and there are two other amendments which we consider very important. The bill is a very complex piece of legislation, and the Minister must, for example, explain exactly what he means by the phrase "cash-cost", which is crucial to the intent of the legislation.

We want the bill amended so that the degree of stabilization or insurance will be based on a farmer's full cost of production of a commodity rather than just part of the cost. Essentially the bill is designed to guarantee Ontario farmers at least 95% of the average price of their products in the previous five years, and would supplement a federal government scheme giving 90% coverage on some products.

The government bill refers to "cash-costs", we use the term actual costs, while the N.D.P. prefer the term current costs. The Minister has stated that if what the Opposition Parties have in mind is that the bill should be based on full production costs, then we're "heading toward incentive pricing and that's what we don't want. Nor do the farmers want it."

Jack Riddell, Liberal M.P.P. (Huron-Middlesex) has stated that we have been led to believe Mr. Newman would support our amendments "through discussions I had with the Minister."

Donald MacDonald, the N.D.P. Agriculture Critic, accompanied by Stephen Lewis, expressed the party's intention to vote against the farm

legislation, saying "I would be delighted to fight an election on this issue."

The Minister of Revenue has announced that the extended audit of \$1,000 Ontario first homebuyer grants will concentrate on groups where the suspected fraud rate is highest. The Government had intended to end the audit of the first payment under the grant scheme December 31st, but has yielded to Opposition pressure under the grant scheme December 31st, but has yielded to Opposition pressure and decided to continue on a reduced scale. During the extended audit, investigators trying to recover money for the Government will check names of claimants against lists of those who claimed provincial property tax credits before 1975 as an indication of recipients who had previously owned houses. They will likely single out recipients who made large down payments, and might also check on those who received the \$1,000 cheques but did not claim the first of two supplementary \$250 cheques to which they are entitled if they are still living in the same houses.

Election picture

from page 1

There will also be an election for the two positions of school trustees for the municipality. Lloyd Johnson, after four years on the board, the last of which he spent as chairman, will seek re-election. Yvonne Penney hopes to gain a position on the board, and Donald Booth late on Monday also declared his intention to run.

Dysart Reeve Murray Feary has been acclaimed for another two year term.

The position of Deputy Reeve will be contested by Harold Bannon, at present a councillor and Lloyd Coneybeare, incumbent Deputy Reeve.

In by acclamation in Ward One is Roy Brohm, a longstanding municipal government veteran. Gary McKnight has also been acclaimed in Ward Two and will follow up on his first term of service which he began two years ago.

Ward Three will be decided at the polls following Lawrence Morrison's decision to step down after almost ten years. Contending for the position are N.J. Denholm, Carl Simms and Maxine McGee.

Four positions on the Haliburton County Board of Education will also be contested by Dysart et al. All four incumbent trustees are running in the election. Dorothy Way, who has served for eight years, Richard Poole, present chairman of the Salary Negotiating Committee of the Board, Len Salvatori, a member of the Board for 12 years and Dennis Waymouth who has represented Dysart et al for four years will all seek re-election. Tom Little and Earl Cooper have also submitted their names for the balloting. A nomination for Holly Sisson has been withdrawn.

Reeve of Stanhope Township since 1968, Sinclair Nesbitt will continue to fill that position, having been acclaimed when nominations closed on Monday.

A contest for Deputy Reeve will involve the incumbent James Harrison and present councillor Harry Davis, both well known for their work on the council.

Incumbent councillors B. Napier Simpson and John

Tomlinson will stand again in this election. They will be running against Elgin Stouffer, John B. Muise and Elvin W. Johnson, all of RR 2 Minden.

Several candidates have stepped forward for two positions of school trustee on the County Board. Incumbents Wilfred Mason, who has served the education system since before the County Board was established and Evelyn Hewitt Gibson will seek re-election. On the ballot will also be Dorothy Kinsman, LeRoy Eager and Beverly Pettes.

Lutterworth Township will be balloting to decide the position of Reeve in the coming election. The candidates are the incumbent Patrick Conaghan and the present Deputy Reeve Lloyd Walker.

The office of Deputy Reeve that Mr. Walker leaves open will be contested by A.O. (Bert) Shingler, Ron Murdoch and present councillor Ingram Wessell.

The three positions on council will be contested by a number of candidates. Incumbents William Valentine and Mervin Brohm will run once again. Five others have stepped forward to take a place on the ballot. Ron Gambell, Major Glynne Lewis, Ron Caney, Bill Roodenberg and Donald Gillespie all hope to win a seat on council from the electorate. Elsie E. Walker who had intended to run has withdrawn her nomination papers.

School board representatives will also be decided at the polls. Norman Gilmore, the incumbent who has served on the County Board since it began in 1969 with the exception of one two year term and Paul Pilon of Moore's Falls will contest the position.

The three positions of Reeve, Deputy Reeve and School Trustee have been filled by acclamation in the township of Snowdon.

The incumbent Reeve Robert Vick will again serve the council and county for the 1977-78 term.

Donald Smedmore has stepped down from his position on council and will take up the office of Deputy Reeve in the coming year.

Ralph Young, incumbent

School Board representative has also been acclaimed.

Incumbent councillors Dick Stewart and John Francis will be included on a list of candidates for council positions. The remaining nominees are Bruce Jennings, Terance Brown, Ron Burk and Grace Simmons.

There will be no election for positions on the municipal council of Sherborne, McClintock and Livingstone townships.

Reeve Doug Russell, Deputy Reeve Fred Baum, Councillors Olga Cunningham and Don Shortreed, and School Trustee Joyce McKay have each been returned by acclamation.

Norman McGuire has stepped down from the council and has left the position open for Frank Gower, who has also been acclaimed.

Monmouth Township has acclaimed several positions for the next two year term of office, but all councillors' positions will be challenged.

Reeve by acclamation is the incumbent Gary Agnew. Keith Tallman, Deputy Reeve has also been returned to that office by acclamation.

School Trustee, Ross H. Anderson, incumbent will serve the township of the County Board once again, as he has since 1969.

Six candidates for the three offices of councillor have stepped forward. Incumbents Howard Anderson Margaret Finlay and Frederick Taylor will all ask to be returned. Mary Barker, Carman E. Coombs and Alan Revill will lengthen the ballot and also ask the support of the electorate.

Glamorgan will be the scene of a contest for the position of Reeve between incumbent Robert Fotheringham and a present councillor, Brian E. Madill.

The Deputy Reeve, as acclaimed will be Larry Hunter who at present serves as councillor. The present Deputy Reeve, Norman Locke, has stepped down.

Elgin MacDuff the remaining incumbent councillor, will meet Robert McCausland, Chesley Noseworthy and William Dobson in the polls to decide the three

positions on council.

School Board representative Vanietta Pickens has been acclaimed as Glamorgan's trustee for 1977-78 following on her first two year term.

Cardiff Township will hold elections for all positions on both the council and for school board representatives.

The incumbent Reeve Mac McGilvray will contest his position with Bill Davis, a present councillor.

Mack Peters, the incumbent Deputy Reeve and John Steapley will go to the polls to decide that office.

Five candidates for the three positions on council are the incumbent Ross Lawrence, and Bill Hutton, Philip Redwood, Donald Wright and Eric Gratrix.

The School Board Trustee for the coming year will be either Joan Ackerman, Victoria Agnew or Peggy Gratrix. The position has been left open by Goldie Watson, who has stepped down after working for the Board since 1969.

CALL 286-2205

From the Chamber

by Bob Stinson

We took a short holiday for a few days last week and travelled through Northern Ontario up to Wawa. There is some spectacular scenery up there but it sure is good to be back in the Highlands. After viewing the wrath of Lake Superior with its 5 to 6 foot waves hammering the stone cliffs, and amidst convoys of huge Deisel trucks the relative quiet of Haliburton was a welcome relief. The Chamber has coined the phrase "Cul de Sac" to describe our geographical location. This problem can also be a very definite asset when promoting our area as one of the most peaceful for visitors. At least they will not be sandwiched amidst convoys of trucks, and are relatively safe on our small quiet lakes. On the other hand it is difficult not to be envious of the tourist operators up there, with no vacancy signs in front of enormous motels at this time of year. Somehow we must develop our area to have the best of both worlds.

Our attention has been drawn to an advertisement in our local paper for surplus and discount merchandise on consignment. One of our members found the advertising rather misleading when he investigated it further. Surplus Clearinghouse of Canada apparently require at least an \$800.00 investment by the retailer before any merchandise is shipped and

they will ship only what they wish you to sell. The Better Business Bureau reports they have a number of complaints regarding the amount of time it takes to receive shipments and refunds of deposits. It would appear they are operating within the law -- but just barely. Extreme caution should be used by anyone contemplating dealing with this company (or any one of the ten other names they operate under.)

All members of the Chamber should by now have received their second copy of the "Get-away Country News". We hope you enjoy this additional bonus of being a Chamber member, and can benefit by some of the ideas in it. If by any chance you are not receiving your copy, let us know about it and we will see that the mailing list is corrected.

The Coboconk Flour & Feed Mill is re-opening under new management. John Burgess, who worked at the mill prior to it's closing has purchased the business and is in the process of opening up again. John will continue to live at Highway 121 and the Kashagawigamog road and will offer local people pick-up service at that point. John Curry, the former owner has purchased the general store at Haliburton Lake and we wish his success up there.

West Guilford folks have been going hungry for some time but things are changing now. Doug Collins has purchased and re-opened the Highland Junction restaurant and Jack Mawbey is busy preparing to re-open the West Guilford restaurant. Jack hopes to be serving the community by the end of this month. Best wishes for success to all these ambitious people.

This winter promises to be a prosperous one for tourism in this area. Not only do we have our New Cross Country Ski Club and the

Kashagawigamog Assoc. working on trails to promote visits for skiing enthusiasts but the Snowmobile Association is embarking on their most ambitious year ever. Having obtained funding from Wintario, L.I.P. and hopefully the ministry they are planning on running two Bombi groomers throughout the county. This should provide us the best Snowmobil trails in Ontario. We strongly urge all business people to support the association -- buy a membership -- it can only help improve business for all of us.

We are pleased to announce that a "Haliburton is for Lovers" charm is now on order and will be available shortly. Through the efforts of Brad Robinson of Robinson's Store at Dorset, this new charm will be available wherever Rembrandt Charms are sold. What a dandy item for Christmas gifts!

COMING EVENTS

November 22 - Haliburton Cross Country Ski Club

COMING EVENTS

November 22 - Haliburton Cross Country Ski Club Public Meeting - Haliburton High School - 7:30 p.m. - no charge.

Coboconk News

by Shiela Lake

Coboconk Legion Branch #519 held their Remembrance Day parade on Sunday afternoon, Nov. 15, 1976. The parade formed at the post office under the direction of parade master, Comrade Tom Taylor and was led by the Lindsay Pipes and Drums band. Upon arrival at the cenotaph, Comrade Wally Betts, master of ceremonies spoke on the theme of remembrance and the supreme sacrifice of those who made our freedom possible. A time of silent prayer for those departed followed. President Laurie Barkwell laid a wreath for the Legion. Derek Bradimore laid a wreath on behalf of the youth of the community. Mrs. Edna Pearce laid a wreath on behalf of the mothers and Mrs. Pearl Bradimore laid a wreath on behalf of the Legion Auxillary. Padre Art Bartlett led in prayer.

Following the return of the parade to the post office, those in the parade enjoyed coffee served by the Legion ladies at the Legion Hall.

The Legion Branch 519 are planning on starting their fall program of activities. They will be holding euchre on Friday nights, alternating with Victoria Road. The first euchre will be on Friday, November 19th in Victoria Road and on November 26th in Coboconk Legion Hall. The ladies are still bowling on Monday afternoons at 1:30 with more still joining. Darts are held for ladies on Wednesday afternoon.

Watch for news of a next to new sale to be held at the Legion Hall later in November or early December. Proceeds from the sale will go for the childrens Christmas party. Last year, by the way, over 150 children, ages 8 and under each got a gift, courtesy of the Legion so lets give them our support

for a worthy cause.

The November meeting of the L.O.B.A. #1162 was held Monday evening, Nov. 8th. Regular exercises opened the meeting and ladies agreed on a good donation of money to the True Blue and Orange Home at Richmond Hill. The meeting concluded with a few games of crocinole and a pot luck lunch was served.

The Apostolic Ladies Missionary Fellowship meeting were honored to have a Missionary tell them of their work in Northern Quebec. Sister Sharon Rivest of Fort Coulonge, P.Q. told of their

work their and the many needs and showed how each one can help in the betterment of those less fortunate. When one thinks of the needy it is usually a far away land. However, there is much poverty in parts of Quebec, one of our provinces. Rev. & Mrs. Rheal Rivest & son were speakers on the previous Sunday also.

Do you agree? If you want to kill time, work it to death?

Elections are coming up soon. I believe we have some new folk who are going to enter the race for several positions but will have more about that later.

Most members of board seeking return to seats

Most of the members of the Haliburton County Board of Education will be seeking office once more in the approaching election, but there will be some trustees contested.

Monmouth trustee Ross Anderson of Tory Hill, who has been on the County Board since it was formed in 1969, hopes to serve another two year term. Mr. Anderson has been connected with municipal affairs since 1947.

Also with a wealth of experience, Norman Gilmore the trustee for Lutterworth Township and a resident of Kinmount, will seek another term. Mr. Gilmore has missed only one two year term since the County Board came into being, and served before that on the township and town school boards that preceeded the County system.

Lloyd Johnson of Minden, elected by the Board to the position of chairman for the past year, hopes to take up a position again. Mr. Johnson has devoted his talents to the Board for the last four years, three of which were spent as the chairman of the salary negotiating committee.

Wilfred Mason, of RR 2 Minden, a trustee for Stanhope, seeks re-election following six years of service on the County Board, since it was formed, and a number of years on local boards before that.

The trustee of Glamorgan township, Vaneita Pickens of Gooderham intends to run again and continue the job that she took two years ago.

Richard Poole, vice-chairman of the Board and present chairman of the

Dear Abby

By Abigail Van Buren
© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: I know you'll never print this, but I just want you to know that your advice has ruined one life. Mine.

Ten years ago I was going with Paul, a guy I really loved. He wanted me to go all the way with him, and I really wanted to, but I had it drummed into me that I should save myself for marriage, so I wrote to you for advice. You told me that if I lost Paul because I wouldn't give in, he wasn't worth having.

Well, Paul met another girl who gave him what he wanted, and he married her. They've been married for eight years and have a great marriage.

If I had given in to Paul, he'd have married me instead. I'm married to a nice guy, but I still love Paul and always will. I wish I hadn't taken your advice. Thanks for nothing.

SORRY

DEAR SORRY: When a girl asks me if she should go all the way, I advise against it on the theory that she lacks the maturity to handle that kind of relationship, or she wouldn't be asking.

P.S. How do you know how "great" Paul's marriage is? And how can you be sure he would have married you had you given in?

DEAR ABBY: I am a diabetic and should not have sugar. My problem is how to stay on my restricted diet and still enjoy some kind of social life.

I belong to a club and a church circle, and the refreshments they serve are loaded with sugar. I've been eating the refreshments, even though I know I shouldn't, because I don't want to advertise the fact that I'm diabetic, and I feel awkward refusing refreshments while everyone else is eating.

I don't know how to handle this situation. I suppose the simplest solution would be to stay away from the meetings, but isn't there another answer?

DIABETIC

DEAR DIABETIC: Your problem is being embarrassed about a condition over which you have no control. You need not "advertise" it, but you could let your hostess know in advance that you can't tolerate sugar. You are foolish to hide it, and even more foolish to go off your diet and upset your sugar level.

DEAR ABBY: I was amused to see in your column the letter from "TRAVELIN' MAN" who said that years ago, bums and drifters would stop by the back door of the undertaker's to try on used choppers for size. You replied, "Recycled dentures? You're puttin' me on!"

Abby, he was not puttin' you on. Back in the 30s, there was a general merchandise store in Barnhart, Mo., (20 miles south of St. Louis) that featured a washtub full of used dentures for sale. People would come in and try them on for size—germs and all.

The store has since burned down, but I can vouch for the fact that there was such a place.

The Recorder Family

Suggest tape recorder

John Hewitt of Minden and Hall's Lake visited Anson, Hindon and Minden council on November 10,

claiming that council should have a tape recorder so that he would be spared the trouble of telling them the

same thing so many times. Mr. Hewitt told council that since the ditch next to

his house at the bottom of Prince Street was dug out recently, the smell has been unbearable. Mr. Hewitt said that the culvety at the bottom of the ditch needs lowering to drain the waste water away.

He reminded council that tests were done some years ago by the bylaw enforcement officer that showed that the water in the ditch drained directly from septic systems further up the hill.

Mr. Hewitt told the council "the good Lord has been favourable to us but you fellows haven't" because the problem has not received attention. Following Wednesday's meeting, the bylaw officer Dick Shell came to look at the culvert, but since the ditch had frozen over last week, nothing could be done again. Mr. and Mrs. Hewitt are not looking forward, however to the day when the ditch unfreezes.

Mr. Hewitt said that he figured he had better come to council with the problem so as to give the newspaper reporters something to write about other than the lies that they are always printing.

Principal and teacher attend board meeting

Brian Mosgrove, principal of Haliburton Highlands Secondary School and Alan Oakley, Head of the Com-

mercial Department at the school spoke with the Haliburton County Board of Education at the monthly meeting of the Board held on November 9.

Mr. Oakley was present to report on the philosophy, goals and present set up of the department. It is hoped that the commercial department will help to overcome the statistics of unemployment of recent graduates of the school system. The program at the school provides work weeks for Grade Twelve students to increase their awareness of the job situation, and Mr. Oakley said that this seems to help the students a great deal.

The program at H.H.S.S. employs 11 teachers on full

and part time basis, both for day and night school students. The success of the program can be measured by the fact that graduates from H.H.S.S. who attend Sir Sandford Fleming College are often excused from the first three month's work at that institution due to the good training that they have received at the secondary level, Mr. Oakley reported.

It is hoped by the Board that Mr. Mosgrove will visit the Board in the future with another Department Head, it was stated at the meeting.

Both the Board members and Mr. Oakley were pleased with the communication that is possible between the Board and its employees in a community of this size.

Causeway

from page 1

was before the causeway was built in 1952.

Jim Dewey, present as the representative of Natural Resources, said that ministry was unable to state that the problem was caused by the size of the culverts in the causeway, since they do not know what the area was like before the culvert, and have not as yet examined the beach at Mr. Eagle's property.

Wes Ham, district municipal engineer for the Ministry of Transportation and Communications, accompanied by Jack Newton, the municipal road supervisor under Mr. Ham, said that the existing culverts equalize the levels between the two bodies of water and that the culverts appear to be adequate. Mr. Ham said that watershed studies would have to be done before the ministry would be able to say that the causeway was blocking the flow of water.

Reeve Reg Booth asked the representatives from the three ministries to submit written comments to the municipality.

Councillor Bob Gorrie noted that the only resistance council was giving to the property owners' suggestion is that they wanted to know if a change in the causeway would do any good.

Clerk Richard Parisott predicted that it would cost the municipality \$10,000 to \$12,000 "as soon as we touch that causeway."

Now cottager does not have to pay

K. Graudins, a cottage who was fined at the end of the summer for a false fire alarm tripped by mechanical methods, will not have to pay the municipality for the alleged offence.

Clerk-treasurer Richard Parisotto was directed at Anson, Hindon and Minden council on November 10 to cancel the outstanding invoice that referred to the fine.

Council had learned from a representative of Alarmco, the firm that installed the device that sounded an alarm and gave the location of the cottage by a recorded phone message, that the system had been tested by the fire chief at the time.

Council's decision to levy the fine was based on the information that the cottage did not have permission to have the alarm installed. The alarm is no longer connected and since approval apparently was given, council has let the matter drop.

Council accepts \$3,000 for lot

A bid of \$3,000 has been accepted by Anson, Hindon and Minden council for the sale of one of the four municipal lots on the Bobcaygeon Road, approximately two miles north of Minden in front of the municipal pits.

The sale of the lot is conditional at this time subject to the approval of the Health Unit. There was some discussion at council of holding the other lots until

the spring, but this intention did not appear in the final resolution.

The clerk reported that there were six inquiries received with regard to the lots. Anyone interested in purchasing a lot can ask the clerk for the amount of the highest bid on the lot to that date before submitting an offer, according to the municipality's policy adopted at the October meeting.

Hilliard John Raymond of Minden appeared before the provincial court in Minden on November 9 to answer two charges of failure to appear at earlier dates.

On January 29, Mr. Raymond was charged with impaired driving and failure to give a breath sample. He appeared in court on March 30 and the case was moved to April 27 to set a date for trial. On the trial date, August 31, Mr. Raymond did not appear in court. On September 1 he received notice from the OPP that a warrant had been issued and he was to appear on September 14 to set another date for trial. He did appear, the warrant was rescinded and date set for October 29 when he again failed to appear. A second warrant was issued and Mr. Raymond came before the court on November 9. He pleaded guilty to the charges of failure to appear.

The crown attorney said that the pattern was serious in nature and showed a contempt of court. He also noted the inconvenience caused to both the public and the court.

Judge Inrig levied a fine of \$75 and \$5 costs for the first offence and \$100 for the second.

Mr. Raymond pleaded not guilty to the original charge of impaired driving. On the evidence of police officers, and in the absence of any defence there was a finding

of guilty.

Mr. Raymond had been convicted of a refusal to blow a breath sample in 1971. According to the criminal code, conviction of blowing over .08 per cent and related charges are considered a previous conviction to a charge of

impaired driving. Mr. Raymond's conviction on the impaired driving charge was therefore considered a second offence, liable to a minimum imprisonment of 14 days. The judge provided a 14 day intermittent sentence to be served over a period of three weekends,

and a probation of 30 days during which Mr. Raymond is to consume no alcohol.

The evidence brought forward was applied to the charge of failing to comply with the demand for a breath sample, and a sentence was given to be served concurrently with the first.

SALE OF TIMBER

Longer hours wanted for liquor store

A motion was passed at Anson, Hindon and Minden council on November 10 to request the Liquor Control Board and the Brewers' Retail in Minden to be open for regular office hours.

The L.C.B.O. has been closing on Friday night. Council will ask that both outlets remain open Monday Tuesday and Thursday from 10 a.m. until 6 p.m., Friday 10 a.m. to 9 p.m. and Saturday 10 a.m. until 6 p.m.

Better place to stop

After a great deal of discussion at the Haliburton County Board of Education meeting held November 9, Paul Pilon who approached the Board secured assurances that the school bus that transports Mr. Pilon's children will stop at a location that is considered to be safer than the present stop.

Mr. Pilon, of Moore's Falls was concerned about the safety of the stopping place at the interchange of the Deep Bay Road and highway 35. The bus is now to stop in front of the Pilon residence on the travelled part of highway 35. The bus is no longer to stop in the deceleration lane at the interchange.

OAK STREET 457-2912 HALIBURTON

Investigate nine car collisions

The Minden detachment of the Ontario Provincial Police investigated 49 general occurrences and nine motor vehicle collisions during the week of Nov. 8 to 14.

During the week two break-ins were investigated, one compassionate message delivered, two persons were charged under the Liquor Licence Act and three persons were charged with impaired driving.

An accident Sunday afternoon, on Highway 121 east of Minden resulted in \$1,000 damage to a vehicle driven by Teddie Wayne Pipe, 30, of Minden.

Pipe and a passenger in the vehicle Guv Noel, of RR 2 Haliburton both had minor complaints of pain.

The police report that the vehicle was southbound, rounding a curve when it met a pedestrian walking south of the centre line of the road. The OPP state that Pipe veered around the pedestrian, lost control and struck a rock cut. The police identified the pedestrian as Lorne James Cummings, of RR 1 Minden.

A single car crash late Saturday night resulted in a Weston, Ontario man being charged with impaired driving.

The OPP report that a car driven by Mykola, 53, went off the south shoulder of Highway 121, east of Haliburton and struck three guide rails.

There was \$2,000 damage to the car and \$75 damage to the guard rails.

Purchase sand and salt spreader

Anson, Hindon and Minden Council on Nov. 10 approved the purchase of a sand and salt spreader attachment from the American Coleman Co. of Canada Ltd., model DC900. The cost of the unit is \$6,736.25.

Grant Lundy, 28, of Haliburton, received bruises when the vehicle he was driving slid off of Koshlong Lake Road, Nov. 13 and struck a hydro pole.

There was \$1,000 damage to the car and \$200 damage to the pole.

A single car crash Nov. 10 resulted in \$800 damage to a car driven by Kirk Harrison, 19, of RR 2 Haliburton.

The OPP report that the car went out of control on an icy spot on Highway 519 and struck a rock.

A two vehicle accident Nov. 9 on Highway 35 at Miners Bay resulted in \$1,000 damage to a car driven by Dale Boyd MacDonald, 40 of RR 2 Minden and \$150 damage to a tractor driven by Cleveland Stamp, 38 of Minden.

Council to examine cemetery vault

The question of whether or not a vault should be constructed at the Minden cemetery, will be examined as a result of some discussion of the topic at Anson, Hindon and Minden council on November 10.

At the present time, Minden area has the use of the Ingoldsby and Haliburton vaults for those waiting spring interment. There were 10 cases last year councillors estimated, when these other vaults were used.

It was decided that relative costs of an extension of the Ingoldsby vault or construction of a vault in Minden as well as a study of need are to be prepared for the 1977 council.

A letter from the cemetery board was acknowledged at council, in which the board had thanked the municipality for improvements completed at the cemetery over the summer.

Kinsmen Korner

Our Marathon tickets have been on sale for the last six weeks. Thanks to all for the support you have given us in this very worthwhile project.

The first draw will be held on Monday, November 22. Winners will be announced in this column.

Our Turkey Shoot held last Sunday was most successful. A good time was had by the many participants and we look forward to hosting this event annually.

"Winter Carnival Fever" has become contagious throughout the club. We are looking forward to the best year so far. The many weeks of planning for this year's carnival should prove rewarding. We are all hopeful that Winter Carnival enthusiasm will be as contagious throughout the community as it is throughout the club.

Good News! We expect to hold another Demolition Derby. We had a lot of fun with our first effort last Thanksgiving weekend, and anticipate an even better time to come. We promise to appoint a better weather chairman so watch for our announcement.

John Klym demonstrates his hand made drill, used to cut the tiny bits of veneer required for his wooden inlay. His drill bits are also hand

fashioned, and many of the shapes of bowls, lamps and trays of his own design. His work has brought the Ukraine to Minden.

Ukrainian Craftsman brings talent to Minden

John Klym is a craftsman of exceptional quality and talent. His talent is all the more proven by his ability to devise, in Minden, the tools and materials that are normally available only in Europe for his kind of craft.

Mr. Klym and his wife Mary have been residents of Minden for five years have retired here to enjoy the good fresh air. They moved to Canada from Germany in 1948, and lived until 1970 in Niagara Falls. Mr. Klym's training in woodworking, however, began long before that.

John Klym grew up between the first and second world wars in the portion of the Ukraine that was controlled by Romania. At the secondary school level, he travelled each day seven kilometres (about five miles) to an institute for studies, arts and crafts in the town of Vijnitsa. The traveling time, by foot, through knee deep snow or mud almost as bad, was about two hours, Mr. Klym reports. He attended for five years.

The school taught regular classes in the morning, but students spent four hours in the afternoon doing shop work and learning a variety of crafts, including cabinet making and wood inlay.

It was the wooden inlay that caught Mr. Klym, and he still loves it.

Mr. Klym left the Ukraine for Germany in the second world war, but the Ukraine and its beautiful workmanship has never left Mr. Klym.

His inlaid wood creations start with birch or walnut, usually a 2 inch by eight or ten inch board of kiln dried wood, turned by his lathe into graceful shapes. His designs are partly traditional, and partly his own.

He can make anything from sight. Bowls, plates, candlesticks, picture frames, dishes of various shapes and sizes, jewel boxes, lamps, all of these are Mr. Klym's popular items, which he makes by order. His craft is in great demand, and he has enough work now, he says, to last him all winter.

His materials for decoration are copper wire, twisted by lathe, porcelain Indian beads, mother of pearl from any source, sometimes old buttons, colored plastics, Indian rosewood and walnut veneer.

Colored woods and other materials available in Europe have had to be substituted by colored plastics and other inventions.

Mr. Klym must also manufacture his own tools. His drill, hand powered and hand made by him, is the only one of its kind in Canada or the States. He has fashioned his own drill bits which are tiny precise instruments that go in pairs in their sizes. One cuts a circular piece of the material from the wood, the other is designed to cut the piece that is to fill that hole so precisely.

To calculate and mark the pattern on the piece of wood, Mr. Klym has made his own divider, similar to a pair of compasses, but sturdier and probably more accurate than any to be had this side of the Atlantic.

Mr. Klym beams while he looks over his work. He could never be accused of losing interest in his creations. His results are as beautifully crafted as he is proud of them.

A recent success is his display case, designed in the shape of an egg to hold the delicate Ukrainian Easter eggs. The case was ordered by a Ukrainian women's auxiliary in Hamilton who hope to donate their collection of eggs to the Hamilton museum. Mr. Klym was contacted by the group as a result of the Ukrainian craft show which he and his wife attended in Hamilton on October 15 and 16. He was shown a picture of a similar case, and with nothing more in the way of construction details or design he has finished the case, which will hold 93 eggs, in just over two weeks.

The Klym's home reflects the care and craftsmanship that both Mary and John possess. Mrs. Klym, skilled in the beautiful needle work of the Ukraine, does not sell her crafts although she does exhibit them. Her cross stitch needle point pillow covers and placemats are designed from patterns on cards that she has received, and converted into her own patterns. Their home is decorated with both their handiwork. It is both fascinating and delightful to find such a beautiful part of the Ukraine in Minden.

Story and photo by

Susan McLaughlin

Obituary

Alice Teresa Levina Peacock

Alice Teresa Levina Peacock entered into rest suddenly at her home in Gelert on Sunday, October 10th 1976.

She was in her 84th year. Born at Gelert on November 23rd 1892 she was the only daughter of John Milburn and Betty Hoyle and had lived all her life in Snowdon Township.

On December 28th 1910 she was united in marriage to Edward Peacock of Irondale where they lived for nine years then moved to their present farm in Gelert.

In 1975, they celebrated their 65th Wedding Anniversary. She is survived by her husband, four daughters

and two sons. Bessie (Mrs. Russell Burk), Elizabeth (Mrs. Cecil Burk) of Lochlin, Margaret (Mrs. Harry Burk) of Ingoldsby, Alice (Mrs. Gordon Hughes) of Willow Beach, Robert of Gelert and William of Brooklin. A son Richard is predeceased. She was predeceased by four brothers, Willie, Robert, Charles and Richard Milburn.

She is also survived by 26 grandchildren, 32 great grandchildren and one great

great granddaughter.

Mrs. Peacock rested at the Funeral Chapel of John Welch and Son Ltd. Minden for funeral service in the chapel on Tuesday, October 12th at 2:00 P.M. with interment in the Gelert Cemetery.

The Pallbearers were all grandsons of the deceased, Neil Burk, Ronald Burk, Hoe Burk, Ronald Burk, Joe Peacock, Ted Peacock, James Burk and Dennis Hughes.

Guild's Christmas Exhibition

Once again, The Haliburton Highlands Guild of Fine Arts is sponsoring a Christmas Exhibition and sale of arts and crafts.

Local artists, potters and weavers, as well as other craftspeople are busy preparing for this popular sale and exhibition.

Its an excellent opportunity to do your Christmas shopping, and get in the mood for the festive season. We hope you will exhibit your work and visit the attractive display of hand-crafted items.

There will also be items from the workshop of A.R.C. Industries.

Lakeview Centre, Haliburton - Thursday, November 25th 7 p.m. to 9 p.m. Friday, 26th, 10 a.m. to 9 p.m. Saturday, 27th, 10 a.m. to 6 p.m. Sunday, 28th, 1 p.m. to 4 p.m.

Kinmount Connection

by Shelly Bannon

We are happy to hear that Junior Harrison of Lindsay won a trophy for the most valuable player on this baseball team at a Banquet on October 29. He plays for the Lindsay Legion. He is grandson to Mr. & Mrs. E. Anderson of Kinmount and also Mr. Clayton Harrison of Horseshoe Lake of Minden.

Several ladies of the Ladies Auxiliary of Legion Branch 441 were visitors with Fenelon Falls Auxiliary on Tuesday night for "fun night."

Randy Grozelle was a lucky winner of \$50 in the last Provincial Draw.

Mrs. Albert Crego and her daughter Mrs. Archie Bowman and Miss Colleen Crego spent last Thursday in Barrie and Orillia.

50-50 Draw Winner
The 50-50 Draw was won by Brenda Straws. The amount was \$38.

Mrs. Ken Patmant, son Alan of Toronto were visitors of Mrs. M. Mansfield last week.

Legion Dance
Marg Graham and the Westerniers played at the dance last Saturday night. They had a pretty good crowd.

Bingo at the Orange Hall
Donna Bacon won twice, Mary Harten, Mrs. Burt Scarlet, M. Barwell, Nora Swinson, Lynn Crego, Erin Scott, Rick Waite, Gail Brown won twice, Jo anne Silvers, Julie Houghton won twice, Cathy Waite, Gwen Martin, Penny Hartin, Ruth Menerd, Irene Bartley, Pan Swinson.

A Memorial Service was held at the cenitaph in Kinmount after which the parade went to the Kinmount United church for service. The church was full to capacity and it was a very impressive service. The theme being Remembrance Day.

A number of ladies from Kinmount and vicinity were to Toronto on Thursday, November 4 to shop. They were lucky enough to get a seat on the annual bus that leaves Burnt River each year around the first of November for a convention.

The 50-50 winner at the Legion Saturday night was Chuck Leonard of Willowdale. He won \$42.00.

Fran and Susan Crawford are having an "Amway" demonstration at the Legion Hall on Wednesday night at 8 o'clock. Everyone welcome. Tea and sandwiches will be served.

Bingo players - Please remember the annual Turkey Bingo at the Legion Hall on Tues. Dec. 14th. Held by the Catholic Ladies Auxiliary.

The Legion regular meeting will be Friday Nov. 19. All members please try to attend.

Meat Loaf

- 1 lb. ground beef
- 1/2 lb. ground pork
- 1/2 lb. ground veal
- 1 onion diced
- 3 tsp. salt
- 1/2 tsp. pepper
- 1/4 c. tomato soup or
- 3/4 cup. tomato juice
- 2 eggs
- 2 tbsp. parsley, chopped
1. Combine all ingredients.
2. Mold into a loaf or press into a greased loaf pan, 9" x 5" x 3".
3. Bake in moderate oven 350°F about one hour or until done.
4. Pour off excess dripping and save for other uses.
5. To make gravy, use 2 tbsp. dripping and 2 tbsp. flour for every cup of meat stock, vegetable stock or water. Season gravy as desired. Serves 6-8.

Wedding Announcements

WEDDING ANNOUNCEMENT

Lynn Hughes and Wayne Cox would like to invite all friends and relatives to their wedding dance on November 20th at 9:00 p.m. in the Minden Community Centre.

Mr. & Mrs. Donald Sisson would like to invite all friends, relatives to a dance celebrating the marriage of their son Martin Sisson to Miss Vicki Small, daughter of Mr. & Mrs. David Small at the West Guilford Community Centre, November 27, 1976 at 9 p.m.

Len and Lillian Henry and Joyce Wood are happy to announce the forthcoming marriage of their children Connie and Rick on Sat. Nov. 20 at 5 p.m. in the Eagle Lake Community Church. Dance to be held at Sir Sam's Inn Chalet in Eagle Lake at 9 p.m. Friends and relatives welcome.

Births

KENT Production Co. Inc., Minden, Ont., announces the 1976 Kent baby, **JAIME ADELE**, girl model number 1, a follow up to their 1975 boy model, Corbie. Larry Kent, designer & chief engineer. Maxine Kent (nee Welch) production manager. Model released Oct. 31, 1976, 3:15 p.m., 7 lbs. 15½ oz., Haliburton Red Cross Hospital. Two lung power, free squealing, scream line body, economical feed, water cooled, changeable seat covers, 19½ inch wheel base. Made in Canada where better babies are built.

PETTIT... Craig and Bonnie-Lynn (nee Hunter) are proud to announce the safe arrival of their daughter Erin Shari-Lynne (6 lb. 4 oz.) Thursday, September 23, 1976, 5:29 a.m. at Oshawa General Hospital. First grandchild for Mr. & Mrs. Chester Pettit of Ajax, Ont. and first granddaughter for Mrs. Mabel M. Hunter.

Thank-You

I would like to take this opportunity to express my sincere thanks to my many friends for their thoughtfulness in tokens of gifts, cards etc. Also their offers of help to Ken and the children during my recent illness. Your kindness will always be remembered.

Buddie Stevens

We would like to thank the nurses and staff at Extended Care and also Red Cross Hospital and special thanks to Dr. Heyes and Dr. Hartwick for the wonderful care given to my mother. Jack and Blanche Long.

We wish to thank all our friends and relatives for their kindness during our recent bereavement. A special thanks to Dr. Brady and nursing staff of the Minden Red Cross Hospital, also Dr. Mohindra and the nursing staff of St. Joseph's and Peterborough Civic Hospital for their professional care and personal kindness shown to our sister Wynne. Also to John Welch & Son Funeral Home, Mr. Lloyd Johnson and the ladies of the United Church for their kindness and words of sympathy.

The Minto Family.

We wish to express our sincere thanks and appreciation to our friends and neighbours for the many acts of kindness, floral tributes, cards and donations during the loss of a loving wife, mother and grandmother. Special thanks to all the ladies who provided and served lunch, Gelert Gardens for the use of their restaurant and facilities, Mr. Gordon Monk and the John Welch & Son Funeral Home. Your kindness will always be remembered. Edward Peacock and family.

I wish to thank my relatives and friends for their acts of kindness and get well wishes during my stay in Sunnybrook Hospital and since I've come home. Thanks again.

Clair Roberts.

IN MEMORIAM

STAMP - In loving memory of a dear father and grandfather, Cecil, who passed away November 19th, 1970.

Your gentle face and patient smile. With sadness we recall; You had a kindly word for each. And died beloved by all. The voice is mute and stilled the heart. That loved us well and true; Ah, bitter was the trial to part From one so good as you. You are not forgotten loved one. Nor will you ever be; As long as life and memory last. We will remember thee. We miss you now, our hearts are sore. As time goes by we miss you more. Your loving smile, your gentle face. No one can fill your vacant place. Lovingly remembered and sadly missed by the Family.

In Memoriam

AUSTIN - In loving memory of a dear husband, father, grandfather and great grandfather, Winnett Austin who passed away November 22nd, 1975.

His life is a beautiful memory. His death is a silent grief. He sleeps in God's beautiful garden in sunshine of perfect peace. We miss him, oh how well. But realize God knew best. He let us have him many years. Then gently bade him rest. Ever remembered by the Family.

CUMBS - In loving memory of a dear son-in-law and brother-in-law, Lyle, who passed away so suddenly November 18th, 1974.

Beautiful memories are wonderful things. They last till the longest day. They never wear out. They never get lost. And can never be given away. To some you may be forgotten. To others part of the past. But to us who loved you and lost you. Your memory will always last.

Lovingly remembered by all the **TEATRO FAMILY**.

CUMBS - In loving memory of a dear husband and father, Lyle, who passed away suddenly November 18th, 1974.

Just a prayer from the family who loved you. Just a memory fond and true. In our hearts you will live forever.

Because we thought the world of you.

A golden heart stopped beating. Two smiling eyes at rest. God took you to his heart. To prove he only takes the best.

It was a sudden parting. Too bitter to forget. Only those who loved you. Are the ones who will never forget. Lovingly remembered by Bonnie, Ken and Chris.

LEWIS - In loving memory of a dear wife, Ethel, who passed away November 19th 1973.

For me the saddest of the year. A day of remembrance sad to recall. In my heart she was loved by all. Gone are the days we used to share.

But in my heart she is always there. The gates of memory will never close. I miss her more than anyone knows.

She's resting where no shadows fall. In peaceful sleep she awaits us all. God will link the broken chain. When one by one we meet again. Sadly missed and ever remembered by husband Raymond.

FLEMING, DOUGLAS - In loving memory of a dear husband and father who passed away November 24th 1974.

No longer in our life to share. But in our hearts he is always there.

Sadly missed by wife and family.

In Memoriam

LEWIS - In loving memory of a dear mother and grandmother, Ethel, who passed away November 19th 1973.

Wonderful memories woven in gold. This is a picture we tenderly hold. Deep in our hearts a memory is kept. To love, to cherish, to never forget.

Always remembered by daughter Madeleine, son-in-law Ken, grandchildren Dwayne, Michele and Kimberly Thompson.

Death Notice

AT REST

at the **Ross Memorial Hospital** Lindsay on Saturday, November 13, 1976.

RUSSELL WALTER HARRISON in his 53rd year.

Family received friends at the Riverview Funeral Chapel, 6 Helen St. Bobcaygeon. Funeral service was Friday November 12, 1976 at 1:30 p.m. Interment Bobcaygeon.

Safe driving

The Canada Safety Council is introducing a new driving concept at the same time as it launches "Safe Driving Week" (December 1-7) for the 20th time.

Called the "Time Interval Formula", this idea will help drivers adjust some of their habits to metric driving, and help keep them safe at the same time.

One of the major causes of traffic accidents, injuries and deaths, according to the Council, is following too closely. Unexpected turns or emergency stops by the vehicle immediately in front can lead to a crash if insufficient space is maintained.

Problem is not little farm land

Jim Webster, Victoria-Haliburton Progressive Conservative candidate, said that the farmer's problem today is not too little farm land, but the ability to produce far more food than people are willing to buy at a profitable price.

"We have the ability to increase production tremendously, providing consumers are willing to pay for it," Mr. Webster said.

A release from Mr. Webster stated, "Some groups in Ontario are trying to promote a fear that Ontario will some day soon run short of food because of loss of farm land. They suggest that, even if the people of Ontario do not go hungry, millions of people in foreign countries could be fed if we moved not to freeze farm land."

He said that if society is willing to see that the farmer received a decent living from his land, he will produce all the food Ontario can use. "However, if society is unable or unwilling to face the facts squarely and pay him a fair price, then no amount of planning at any government level can guarantee our food supply," he said.

The average family in Ontario spends only 19 per cent of its income on food. In Japan and Britain it is 25 per cent in the Soviet Union 53 per cent," he said.

Those who are rightfully concerned about a shortage of food to provide to the hungry of the world must realize that all that is required, right here and now, is that farmers are paid enough to encourage them to increase production. Mr. Webster indicated.

Mr. Webster noted that, a farmer cannot produce more without cost to him, nor should he have to work without return either. Proponents of world feeding must be willing to accept the lower standard of living resulting from handing it over to the world's hungry. To the contrary, the evidence appears strong that Ontario's population wants a higher standard of living, not a lower one, and that it wants to spend less of its income on food.

"Anyone advocating a freeze on all farm land should be asked to explain how that freeze would keep farmers producing on that land. Sheer virtue is not enough of a motive for following a life as expensive as farming," he said.

Mr. Webster said that people who grumble about their grocery bills need be aware of what has happened and what is happening to the people who grow the groceries. While Ontario farmers got 9½ per cent more for their products in 1975 than in 1974, their expenses increased so much that in the end - and that's an apt phrase - they actually ended up with 2.7 per cent less money in their pockets.

How many urban wage-earners took a pay cut last year? And if any were asked to, do you think they would stay on the job," he concluded.

Yes, even SANTA agrees...

IT'S HOME FOR CHRISTMAS!

4 DAYS ONLY!

Items reduced in price return to regular prices at the end of our 4-day sale. Specially purchased items on sale to the extent of stock. Home Hardware promises to make every effort to supply advertised products but we reserve the right to limit quantities.

**PROCTOR-SILEX
2 SLICE TOASTER**

Handsome, gleaming chrome finish. Two famous names, "Proctor" and "Silex" combine to bring your superb quality, performance and convenience. Thermostatically-controlled, has shade selector for toast just the way you like it! Special low, HOME HARDWARE price.

12⁴⁴

**PHILIPS
8-CUP
DRIP
COFFEE
MAKER**

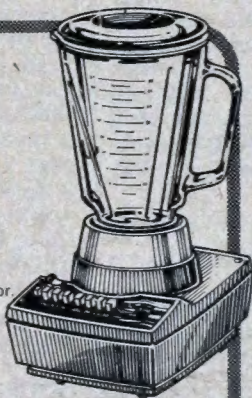

Coffee just the way you like it - every time. In just 8 minutes. Thermostatically controlled to give you the best of full flavour blending. Ready light shows when it's time to enjoy. Holds coffee at serving temperature until the pot is finished. Now at a low, HOME HARDWARE price.

32⁸⁸

**PHILIPS DELUXE
14 SPEED
BLENDER**

Seven push-button functions...healthful, blended juices, toppings, whips, sauces. Big 40 oz. glass container opens at both ends. Removable blades for easy cleaning 840 watt powerful motor. Choice of Gold or Avocado. HOME HARDWARE special price.

34⁷⁷

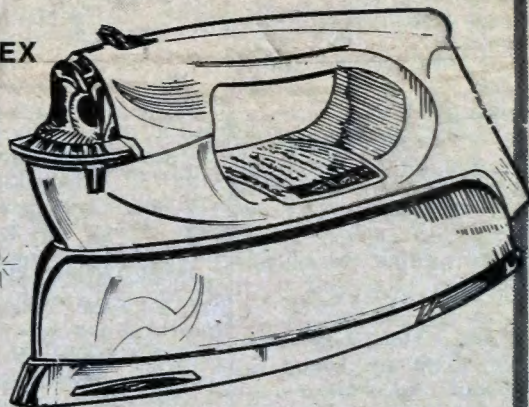

PROCTOR-SILEX

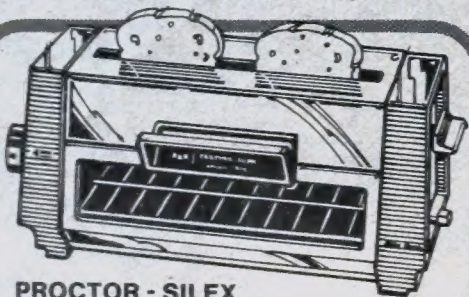

**STEAM
& DRY
IRON**

**POLISHED
ALUMINUM
SOLE PLATE.**

Light and easy to use. New "Wash 'n' Wear Temp-o-Guide" gives just the right degree of heat for all fabrics. 29 steam vents. Push-button steam or dry iron control. Polished aluminum sole plate. Has button nook and heel rest. In handsome harvest gold and chrome. HOME HARDWARE special price.

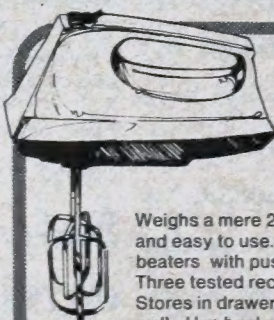

12⁹⁹

**PROCTOR - SILEX
TOASTER
OVEN**

29⁸⁸

Toasts, bakes, browns, reheats cold toast, heats to full baking temperature. Automatic pop-up toaster and all-purpose oven combined. Separate toaster and oven controls, pull-down door and see-through window. Crumb tray, baking tray, removable oven rack for easy cleaning. Chrome with cool gold or avocado end panels.

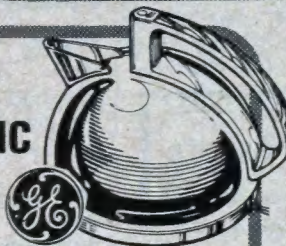

**VAN WYCK
3 - SPEED
HAND
MIXER**

Weights a mere 2-1/4 lbs. A breeze and easy to use. Twin chrome beaters with push-button ejector. Three tested recipe speeds. Stores in drawer or hangs on the wall. Has heel rest. Choice of gold, avocado or white.

8⁹⁹

**CGE
ELECTRIC
KETTLE**

Famous General Electric quality and convenience. Contemporary styling, gold handle and base. Woodgrain accents. Two quart capacity. Slim pour spout. 1500 watts.

17⁸⁸

**JUST SET IT
AND FORGET IT
CANADIANNA
CROCKERY
COOKER**

Just set it and forget it - enjoy a delicious meal just hours later. Slow cooking lets you cook foods gradually at low temperatures to retain all the natural juices, and add taste, tenderness and nutrition to less expensive meats. Features 4 qt. earthenware pot with woodgrain finish, glass lid. High and low heat settings.

17⁹⁷

Draw for trip for two to Nassau will be held December 24th, 1976 .
